Railroad Values Increased. REPUBLIC SPECIAL.

Jackson, Miss., Nov. 8.—Auditor Cole is sued a statement to-day, showing that the assessment of real and personal property and railway lines in the State for 1902 is and railway lines in the State for 1902 is \$13,000,000 in excess of that of last year. The figures are a splendid testimonial to the industrial progress of the State, and the showing is somewhat remarkable in view of the fact that real property was assessed last year, whereas assessments have heretofore been blennial, and the additional fact that the Assessors in some counties negligently falled to report, for reasons best known to themselves, the usual amount of roivent credits, and thus allowed their counties to show decreases.

Paroled Convict Surrendered. Guthrie, Ok., Nov. 8.—John Park has surrendered to the officers of Perry, Ok.,
claiming to be a paroled prisoner from the
Michigan State Penitentiary, and asking
them to inform the authorities of his location. Telegrams were sent to Michigan and
his story found to be true. He said he grew
tired of being a fugilive and preferred to
return and serve out his sentence, getting
home-sick to see a wife and children.

### HUNDRED PER CENT **INCREASE INDICATED**

Car Demand of Past Six Months Exceeds Entire Output of Preceding Year.

### STEEL SUPPLY IS INADEQUATE.

Railroad Orders Filled and Re ceived for Last Half-Year Reach the Record-Breaking Total of More Than 160,000 Cars.

Freight and passenger cars delivered to various railroads by the American Car and Foundry Company in the last six months and unfilled orders on the books of this empany, which manufactures about twothirds of the railway car equipments in America, already exceed the entire output for the preceding tweive months. An in-crease of 100 per cent in the demand for rai,way equipment this year is indicated.
W. K. Bixoy, chairman of the Board of
Directors of the American Car & Foundry
Company, stated yesterday that, in the Company, stated yesterday that, in the fiscal year from May 1, 1901, to May 1, 1902, his company supplied 600 passenger cars and 63,500 freight cars. From May 1 to October 31, last, 500 passenger cars and 33,301 freight cars, were delivered. The unfilled orders carl for 608 passenger cars and 35,507 freight cars.

orders cail for 658 passenger cars and 55.66; freight cars.
"It will be borne in mind," said Mr. Bix-by, "that an inadequate supply of seed steatily reduced the output from last May until October. November will witness a delivery of more than 5.60 cars, and still the orders are plang up. The great increase in demand for fan.way cars is due to general prosperity, and particularly to the remarkable growth of the West and Southwest.

It is admitted that the American Company manufactures two-thirds of the cars furnished the railways in this country, and upon this basis the output in the United States for the twelve months ending May I, last, was about 190.00 cars, while the output the last six months amounted to fully out the last six months amounted to fully 0,000, with orders for another 80,000 cars on

80,000, with orders for another 80,000 cars on hand.

Mr. Bixby stated that the various shops are being worked to their full capacity, and that this capacity would be increased were it possible to secure material, especially steel, more rapidly. He expects the shops to turn out more than 9,000 cars a month for the next several months with a possibility of an increase over that figure. In discussing the cars of the future, Mr. Bixby said that, while steel frames and underwork will be used, there is little possibility of the abolition of woodwork tops. "The action of the sulphur, climate and other things calculated to corrode the steel, together with the additional weight, presents an unsolved problem. We know that the wood tops are durable, both in freight and passenger cars, and for that reason wood will continue in use."

TOWNSEND CALLS & MEETING.

ommittee to Report on Recommen-

dation for Immigration Agent.

H. C. Townsend, chairman of the special committee, yesterday issued the following call for a meeting of Southwestern lines at the Planters, November 17, to complete the organization of the immigration bureau. Pursuant to action taken at the mass-meeting of Southwestern lines in St. Louis on October 7 and 8, in connection with the organization of the immigration bureau and the appointment of a joint immigration agent, a meeting is hereby called for the Punters on the above date, at 11 a. m., at which time the special committee, appointed at the mass-meeting in St. Louis on October 8 will be prepared to make a report containing their recommendations as to the appointment of a joint general immigration agent, and on other features in connection with the work of the organization.

tion.

The call is signed by H. C. Townsend, G. P. A., Missouri Pacific and Iron Mountain; John Sebastian, P. T. M., Rock Island; BGryan Snyder, P. T. M., Frisco; G. T. Nicholson, P. T. M., Santa Fe.

GRANTED PERMANENT RESTRAINT Decree of United States Circuit Court Favors U. P. Against Strikers.

Omaha, Neb., Nov. 8.—Judge Munger's decree in the injunction case against the Union Pacific strikers was filed to-day in the office of the clerk of the United States District Court. It makes permanent the temporary re-

It makes permanent the temporary restratining order against the greater number of the defendants named in the application.

Thomas Wilson, vice president of the Machinists' Union, and about twenty-five others who are named, are excluded, the court holding that there was no evidence to show that they were ever in the company's employ. All the other defendants, who number more than 100, are by the court "enjoined and commanded to forever abstain and desist" from interfering in any way with the free exercise by the company or its employes of each and all of their rights and privileges as citizens of the United States.

REPUBLIC SPECIAL
Dallas, Tex., Nov. 3.—The St. Louis and
San Francisco Railway Company has within the last three days demonstrated that it
intends to push into Dallas without unnecessary delay.
Papers were filed to-day, showing that
the company has purchased six solid blocks
of ground in the railway terminal district,
the location being between Jefferson street
on the east, Houston street on the west,
Commerce street on the north, and extending southward to the Guif, Colorado and
Santa Fe tracks. Santa Fe tracks.

This is the largest single purchase yet made by any rallroad company in the Dallas terminal district. The Frisco Company has also started condemnation suits for several pieces of property over which there is a controversy as to price.

WILL EXPEND \$2,000,000.

Big Four Is Practically Rebuilding the Chicago and Southeastern.

The Big Four is doing considerable work on the Chicago and Southeastern, which it recently bought from Harry Crawford. At present it is not the intention to take up the rails, but in the spring they will be changed to heavier steel, and if the company buys new equipment the amount of money expended will be close to \$2,000,000. A larg force of men is putting in 1,000,000 new ties, spreading 1,500,000 yards of ballast, building four passing tracks between Anderson and Lebanon, and rebuilding a number of bridges, in addition to strengthening many more. The stations will receive attention next year. The train service on the road has been improved, the Big Four sending six of its large engines to that division. The intention of the new owners of the property is practically to rebuild and re-equip the road. the Chicago and Southeastern.

ONE MESSAGE PER CAPITA.

Good Annual Report.

The advance sheet of the annual report of the Western Union Telegraph Company for the year 1802 has been sent to the railroads using the Western Union wires. The report is as follows: Miles of poles and cables. 196,115; miles of wire. 1,029,384; offices. 22,567; messages handled. 69,374,883; receipts. 228,073,095,10; expenses. 20,780,786,21; profits. \$7,292,228,89; average tolls per message. 31 cents: average cost to company of message. 35.7 cents.

There were added to the company's system during the year 2,525 miles of poles, 57,213 miles of wire and 229 offices. Of the newly constructed wires, 28,767 miles were of copper. Western Union's Advance Sheet Shows

DENIES STICKNEY'S ASSERTIONS

Tombinson is Testifying When Commission Brings Hearing to Close.
Chicago, Nov. 8.—T. W. Tombinson, traffic representative for the Chicago Live Stock Association, appeared before the Interstate Commerce Commission to-day and refuted the charge made by President Slickney of the Chicago Great Western Railway yesterday, that the Live Stock Association is an absolute monopoly.

day, that the Live Stock Association is an absolute monopoly.

Mr. Tomlinson asserted that shippers were not compelled to do business with the Live Stock Association, but that it had been found advantageous for them to do so, inasmuch as their stock could then be sold at a better profit.

In regard to the statement of President Stickney, made yesterday, that the reason that the rate on dressed beef is lower than on live stock from the Missouri River points, is because dressed beef is a more regular traffic, Mr. Tomlinson denied this assertion.

"It cannot be," said Mr. Tomlinson, "since we stock supplies all the dressed beef that

I shipped. I claim on the other hand, that live stock is a more regular traffic than dressed beef."

Mr. Tomlinson testified at some length to show that the eighteen railroads against which the Live Stock Association has preferred charges have for several years been discriminating against the Chicago market in favor of the South St. Paul, South Omaha, St. Joseph and Kansas City markets. The cross-examination of Mr. Tomlinson was not finished when the Commissioners brought the proceedings to an abrupt close with the explanation that an adjournment was necessary, as the commission has a hearing set for next Wednesday in Washington. The railroad attorneys said the hearing had brought out some important issues and time would be needed to prepare a defense. After some discussion, the Commission adjourned to meet in Chicago January 3, to continue the hearing.

FAVORABLE FOR INCREASE.

Harriman Considers Employes' Re-quest for Bigher Wages.

Quest for Higher Wages.

Oakland Cal., Nov. 8.—The Southern Pacific officials are in daily conference with each order regarding their employes demands for increased wages.

After the local officials have concluded their deliberations, the results will be forwarded to President Harriman.

The fact that the Machinists' Union of the Union Pacific and the other railway men in different parts of the country nave been granted increases, is taken as a sure indication that the present demands will be favorably acted upon.

CUBAN ROAD COMPLETE.

Three Hundred Miles of Steel Between Saucti Spiritus and Santiago. Chattanooga, Tenu. Nov. 8.—Villiam G. Ames of Leursville, Ky., a division engineer of the railroad now being built from Sancti Spiritus to Santiago de Cuba, is in the city. Mr. Ames says the new railroad will be completed by the 1st of December, and trains will be running as soon as permission can be obtained from the Cuban Government.

The road is 300 miles long. GENERAL MANAGERS TO MEET.

The general managers' committee having charge of the Terminal improvements at St. Louis will meet at the Union Statton Tuesday to prepare for letting contracts, sit All arrangements are now made for rapid construction of new buildings and new trackage, and the work will go ahead at

More Pennsylvania Changes.

P. W. Sullivan, who has been chief cierk in the office of W. H. Scriven, division superintendent of the Pennsylvaria, has been made the assistant trainmuster at Wellsville. The new chief cierk will be W. E. Beresford, who has been assistant to the chief clerk for the last year. Mr. Sullivan will succeed J. N. Keck at Wellsville, the latter going as trainmaster of the Cleveland and Marietta division. Mr. Keck, in turn, will succeed T. D. Noragan, who has been made trainmaster of the new Sanlusky division, which was the northern end of the old Short Line. These changes take place at once. More Pennsylvania Changes.

REPUBLIC SPECIAL. Clay City, Ili. Nov. 8.—The engineering party of the Toledo, St. Louis and New Orleans Railroad finished locating the new line from Saylor Springs through the west part of this city to about five miles southwest of this place to-day. The new line will miss Fairfield and cross the Baltimore and Ohio Southwestern at Rinard or more and oblo Southwestern at Rinard or Cisne, thence to McLeanshoro and Metropolis.

Hocking Valley Promotions. General Superintendent M. S. Conners, of the Hocking Valley Railway system, bas made the following changes: J. F. Angell, to be superintendent of the Zanesville and Western system: Trainmaster II. E. Speaks succeeds Angell as superintendent of the T. & O. C.; Trainmaster Conners will succeed Trainmaster Speaks, he being succeeded in turn by Train Dispatcher France.

Directors Are Re-elected. At the stockholders' meeting of the St. Louis Merchants' Bridge Terminal Rall-way Company yesterday for election of eleven directors, old directors were re-elected.

THE WEATHER.

Bishop Thompson Very III.

Bishop Thompson Very III.

REPUBLIC SPECIAL.

Jackson, Miss. Nov. 8.—Bishop Hugh
Miller Thompson of the Episcopal Diocese
of Mississippi, who is slowly dying from
the effects of a cancer in the throat,
reached his home in this city this morning
in a hospital car from New York, where he
has been undergoing medical treatment. He
was conveyed during the morning from
the car to the Battle Hill residence, from
which he will never be able to depart alive.
The distinguished sufferer stood the trip
from New York fairly well, although he is
suffering much pain.

Oklahoma Bankers' Meeting. Oklahoma Bankers' Meeting.

REPUBLIC SPECIAL

Oklahoma City, Ok., Nov. 8.—The Bankers' Association of the Territory, which has been holding a two days' session here, came to a close to-night with a smoker at the Hotel Lee. The meeting has been the best attended and most profitable one yet held. The following officers for the ensuing year were elected: President, D. W. Hogan, Yukon; first vice president, F. J. Wycoff, Stillwater; second vice president, C. E. Billingly, Guthrie; secretary, W. H. Painter, Guthrie; treasurer, A. F. Masterman, El Beno.

# Catarrh of the Stomach

and other forms of indigestion are often caused by catarrh of the head and other complications; eight out of every ten people have dyspepsia in one form or another; the only absolute cure for dyspepsia and indigestion is

## DUFFY'S PURE MALT WHISKEY

sense of burning and dull weight in the stomach after eating, sometimes accompanied by heartburn, flatulence, constitution or diarrhea, languor, depression, irritability dull headaches. All these symptoms show that your digestive organs are out of order and you should take buff's Fore Mail Whiskey. It will cure dyspepsia and stimulate the blood to healthy action. STOMACH TROUBLE CURED.

Gentlemen: I got six bottles of your Whiskey about a year ago, and I used half of it and it did me a great deal of good, and I gave the rest to my brother, who had stomach trouble, and I think he would be in his grave to-day if it hado't been for your Whiskey, as he was going down fast and the doctor could do him no good.

[SAACE E WALKEE Leignen Fa.

ISAAC E. WALKER, Lebanon, Fa.

CURED INDIGESTION. I have used Duffy's Malt Whiskey for half year, and it afforded me great satisfac-tion by curing me of that dreaded disease, ndigestion, which troubled me for two ears, DAVID GORDON, 170 W. lith st., Talesco.

TWO BOTTLES CURED HIM. Atlantic City, N. J., March 18, 1902.

Dear Sirs: I have used two bottles of your Pure Mail Whiskey. I tried it for inligestion and dyspepsia and found great relief from it. M. H. RENO.

CURED DYSPEPSIA. I have used Duffy's Pure Malt Whiskey for dyspepsia, and from the benefit I derived from it I can safely recommend it to any one suffering from stomach trouble, JOHNSTON, Elko, Va., Sept. 8, 1902.

drugs. Doctors prescribe and hospitals use Duffy's Pure Malt Whiskey whenever an absolutely pure stimulant and tonic are re-quired. It contains no Fusel Oil or other dangerous ingredient.

The genuine at all druggists and grocers or direct, \$1.00 a bottle. It is the only whiskey recognized by the Government as a medicine. This is the guarantee. BADLY HURT IN A COLLISION.

Engineer May Die and Fireman Is Dangerously Injured.

REPUBLIC SPECIAL.

Paducah, Ky., Nov. 8.—In a collision on the Illinois Central between the Louisville accommodation train and a switch engine at Central City, Engineer William Bethel of Paducah was probably fatally injured and Fireman Wallace Barrett of Louisville was badly injured. The former is here in the Illinois Central Hospital, Mail Clerk Hutchins of Paducah and Engineer Williamson, the latter on the switch engine, were hurt. Several passengers were bruised.

Arrives With S00 Sealskins.

Victoria, British Columbia, Nov. 8.—The
Japanese schooner Leifu Maru, owned by
leing, an American of Hakodate, arrived today from Behring Sea. The schooner left
the sea for the Japanese port but heavy
weather blew her toward this coast and
Captain Ritchie sailed her to Victoria. She
has about 500 sealskins and reports that
eighteen vessels went to Behring Sea and
used fire arms, the Japanese not being a
party to the modus vivenil. The schooners
all experienced very heavy weather toward
the close of the season. Arrives With 800 Sealskins.

Medals for Brave Soldiers.

REPUBLIC SPECIAL.

Washington, Nov. 8.—It has been decided by the Bureau of Navigation to begin the distribution of the West Indian campaign medals to the enlisted men to whom they have been awarded. medals to the enlisted men to whom they have been awarded.

Owing to the great number of medals to be distributed and to prevent being over-crowded with requests, the Bureau of Navigation has decided to publish lists of the men to whom medals have been awarded. The first list to be published will be that of men on the Indiana. The awards will then be made by ships in the following order of precedence, which was decided by drawing lots: Alvarado, Windom, Newark, Winslow, Scarplon, Sewanee, Wilmington, Gloucester, Dolphin, Topeka, Vixen, Annapolis, Harvard, Wompatuck, Hudson, New York, Resolute, Hist, Machias, Hornet, Iowa, Nachville, Panther, Oregon, Brook-

lyn, Fern, Texas, Marbelhead, Wasp, Osce-ola, Helena, Leyden and Ericsson. The Board on Awards has not yet decided the claims for medals of the sailors on the St. Louis.

Trouble Over Election Returns. REPUBLIC SPECIAL

Harrisburg, Ill., Nov. 8.-The result of Tuesday's election still remains unsettled in Saline County. The blame for this state of affairs has been laid at the door of W. T. M. Glass, Supervisor of Independence Township, who had charge of the tally sheet and ballots after the count was made, and who carelessly left them unguarded, and when he again got possession of them they were found to have been tampered with. Some of the figures were crased and others substituted, and owing to this fact one member of the Election Board refuses to certify to of the Election Hoard refuses to certify to the returns. Later it was also found that one of the poll books had been stolen. A number of prominent citizens are under sus-picion, and arrests will probably follow. If the election is contested and Independence Township thrown out it will result in the election of a number of Democrats to coun-ty offices.

New Missouri Corporations. New Missouri Corporations.

REPUBLIC SPECIAL

Jefferson City, Mo., Nov. 8.—Secretary of
State Sam B. Gook to-day issued certificates
of incorporation to the following companies:
Independence Foundry Company of Independence; capital, 12,000, all paid. Incorporators—
Wm. Crick, Thomas Crick, and Robert J. Parker.
Ceronation Land and Zine Company of Carthage; capital, 150,000, all paid up. Incorporators—

thage; capital, \$50.000 all paid up. Incorporators James Luke, S. C. Bessess, R. E. Barratt and cathers.

Unex Land and Zine Commany of Carthage; capital, \$50.000, all paid up. Incorporators—R. R. Barratt, James Luke, S. C. Besgess and others. The Pittsburg Howe Telephone Company of Kansas City, capital, \$75.000, all paid up. Incorporators—E. N. Roaser, James A. Plattner, E. Chapman and others.

The following companies filed statement of increase of capital stock.

Roberts Gin Company of Kennett, from \$5,000 to \$80.000.

St. Louis, from \$1,000,000 to \$1,250.000.

Thousands of letters are received daily from grateful men and women who have received instant relief from the sample of Safe Cure and Safe Pills, and have been permanently cured by one or two bottles of Safe Cure.

Free Sample Gave Instant Relief. Free Sample Gave Instant Relief.

MISS BESSIE ARNOLD, President of the Chicago, "Alten-Verein," who resides at No. 2213 Wabash avenue, Chicago, Ill., says: "Last summer, while at a picnic. I was poisoned with poison ivy, and my face and hands were badly swollen, and I could not see out of my eyes. I tried washes and salves, and painted the affected parts, but without relief. I sent for a sample bottle of Warner's Safe Cure, and found that it gave me immediate relief. One large bottle cured me in a short time, driving all the poison out of my system, and effected a complete cure. Since then I have used it off and on when I feel worn out, and have found it a fine remedy for general debility. I find your Safe Cure has a host of friends in Chicago."

Cured Gravel and Inflamed Urinary

I find your Safe Cure has a host of friends in Chicago."

Cured Gravel and Inflamed Urinary Organs.

GEORGE DESSUM, Major, Christian Volunteers, No. 154 Fifth street, Cincinnati, O., says: "For three years I have suffered constantly with gravel and inflammation of the urinary organs, aggravated by exposure in conducting outdoor meetings. I let the trouble run on, not seeking medical relief until I felt so badly I could hardly continue my work. On examination the doctor told me what my trouble was and prescribed for me. I took his medicine for two weeks without relief; then a brother officer told me how Warner's Safe Cure had cured him of the same trouble. I immediately sent for a bottle, and soon found blessed relief, and I most gratefully acknowledge the truly wonderful merits of Warner's Safe Cure. It has permanently cured me. May God bless you for sending such relief to suffering humanity.

Pains in the small of the back, painful passing of urine, inflammation of the bladder, torpid liver, cloudy urine, pains in the back of the head and neck, rheumatic pains and swellings all over the body, cozema and jaundice, tell you your kidneys have been diseased for a long time, for kidney troubles seldom put out such symptoms as the victim recognizes until they have been working several months. If you have any of these symptoms great care should be taken to stop the progress of the disease and prevent it pregnating the entire system and becoming chronic.

This Simple Home Test Will Tell Condition of Kidneys

Let some morning urine stand for twenty-four hours in glass or bottle. If it is cloudy or contains a reddish brickdust sediment, or if particles or germs float about in it, your kidneys are diseased. If, after you have made this test, you have any doubt in your mind as to the development of the disease in your system, send a sample of your urine to Warner's Safe Cure Co., Rochester, N. Y., and our doctors will analyze it and send you a report with advice free of cost to you.

All letters from women read and answered by a woman doctor. All correspondence in strictest confidence.

## WARNER'S SAFE CURE

will purify and strengthen the kidneys and restore them to their normal, healthy condition; it will cure rheumatism, rheumatic gout, diabetes, Bright's disease, lame back, painful passage of urine, a too often desire to urinate, uric acid poison, inflammation of the bladder and urinary organs, and restore the patient's health and vigor.

Warner's Safe Cure is purely vegetable and contains no narcotic or harmful drugs; it is free from sediment and is pleasant to take. It does not constipate; it is a most valuable and effective tonic; it kills the disease germs; it is a stimulant to digestion and awakens the torpid liver. Beware of so-called kidney cures full of sediment and of bad odor—they not only do not cure, but are positively harmful.

Warner's Safe Pills move the bowels gently and aid a speedy cure. The free sample bottle of "Safe Cure" and the free sample box of "Safe Pills" have often been sufficient to cure cases of kidney disease when the simple home test has been made in the earlier stages of the disease.

Warner's Safe Cure is what you need; you can buy it at any drug store, two sizes, to cents and \$1.00 a bottle.

REFUSE SUBSTITUTES AND IMITATIONS.

Be sure you get Warner's Safe Cure; substitutes contain dangerous drugs. There is none "just as good" as Warner's Safe Cure. SAMPLE BOTTLE "SAFE CURE" FREE.

All you have to do is to write Warner's Safe Cure Company, Hochester, N. Y., and mention having read this liberal offer in The St. Louis Sunday Republic. The genuineness of this offer is fully guaranteed.

## La Mignonne Opera Glasses, made to fold and go in vest pocket; weigh only 5½ ounces and only one-half inch thick; letter racks, etc .- regular price 75c and \$1- for this week .... .38 the lenses have remarkable

crease in loans, hence the statement very nearly proves. The required reserve was reduced 31.-37, 250, which sum, deducted from the total loss of cash, leaves 34, 365, 750 as the decrease in surplus reserve, this item now standing at \$17, 852.-350, against \$8, 859, 852 at the corresponding date a year ago. Computing the reserve on the basis of deposits, less those of public funds, which amount to \$40, 285, 100, the surplus was reduced by \$1,312,175 to \$25, 973, 375. The circulation was increased \$1,707,900, making \$7,729, 200 since October \$1, inclusive. Though the banks are in a much stronger position as regards reserve than they were at the corresponding period last year, as shown by the above comparisons, there would appear to be the need for continued conservation for the indications seem to point to an outward movement of gold to Europe and to an unabated demand for curerncy for business purposes at the West.

demand for curerncy for business purposes at the West.

Moreover, the Treasury has suspended the substitution of municipal for United States bonds as pledge for deposits for public funds, and the Secretary has also decided to make no further deposits of these funds in the banks. Bond purchases having reached the limit fixed by the agreement with the syndicate, no additional relief to the banks can be expected from the Treasury should stringent conditions, from any cause, reappear. Comparisons of changes in ions show that six of the larger banks reduced this item by \$5,00,000 net; one of these institutions indicates a decrease of \$3,000,000, and enother of \$1,700,000. Comparisons of changes are other of these decreased this item by \$5,00,000 net; one of these decreased this item by \$5,00,000. By limited States deposits, \$25,107,330; decrease, \$25,221,735.

The limited states deposits says:

The Financier this weeks says:

The official statement of the New York Associanted Banks and tweek showed a decrease of \$5,665,000 in a specie and \$3,155,600 or long leads to constant of \$5,665,000 in a specie and \$3,155,600 or long leads the subsection of manney furning the banks appear to have received \$1,250,300 more the same period, the banks appear to have received \$1,250,300 more may be appeared to have received \$1,250,300 more may be appeared to have received \$1,250,300 more on the same period, the banks appear to have received \$1,250,300 more on the same period, the banks appear to have received \$1,250,300 more one of the same period, the banks appear to have received \$1,250,300 more one of \$1,700,000. Comparisons of changes in movements. This discrepancy may, however, be transmitted the substitution of municipal for limited to make no further deposits of these lands into land in the banks appear to have received \$1,250,300 more of the same period, the banks appear to have received \$1,250,300 more of \$1,700,000. Comparisons of changes in specie show that of the collecting apendence.

The loans were decreased \$1,000,100. Taus probably reflects cancellations resulting from the November settlements. The deposits were reduced \$1,000,000 and an appear to have received \$1,000,000 and an appear to the content of the same period, the banks appear to have received \$1,000,000 and an appear to have received \$1,000,000 and

ty, is 505 in place of 55, as early dispatches had it.
